# 26" Conservation Sweeps

Over 10 years of field testing and tooling improvements has yielded the ultimate in 26" sweep design from ShieldAg. For 2010, our 26" sweep has been improved to provide an excellent fit on FallowMaster, FallowKing and chisel plow shanks.

All sweeps are manufactured from 5/16" thick earth-metal Boron steel for long wear life and durability. They are available with SurfaShield (duraface) on TOP or BOTTOM, and all are durafaced on the stem for maximum wear-life.

Look for the Shield logo on your 26" sweeps!

Low crown for minimum soil disturbance and exclusive ShieldAg "drop point" to penetrate the hardest ground

**Durafaced on the stem for long wear life!**

**Order ShieldAg Part Number 4-7 for a box of 50ea 1/2x2-1/2" Plow Bolts with Nuts with your sweep order and get 10% off of the hardware!**

## Conservation Sweeps
