### ▲ **Fertilizer Shanks**

ShieldAg manufactures the widest range of fertilizer shanks in the industry today. From flat shanks to coil shanks, we make them for every fertilizer rig.

### **Soil End Knife Clamps** ▶

You can get just about any soil end knife clamp you need from ShieldAg.

### ▲ **Quick-Tac Clamps**

Our broad line of Quick-Tac Clamps feature the ability to accommodate both 1x2 and 1-1/4 square shanks. A variety of sizes are available.

### ▲ **Pry Bars**

These pry-bars are manufactured from fine-grained double-rolled chromium-manganese steel — the same material used to manufacture all of our fertilizer knives, C-shanks and spring shanks. Built tough for agricultural use.
